Master's candidate in International Trade (Sorbonne), with a strong background in economics and business. Experience in financial data analysis, commercial strategy, and international compliance. Seeking internships in Business Analysis, Data, Consulting, Finance, and Private Equity. Available for a 3–6 month internship from June 2026.

EDUCATION

Université Paris 1 Panthéon-Sorbonne | Paris, France | September 2024 – 2026 (expected)

MSc International Trade and Environment

Top Courses: Quantitative Techniques (17.5/20), Financial Mathematics (16/20)

University of Cassino and Southern Lazio | Cassino, Italy | October 2021 – July 2024

BSc Economics and Business. Grade: 97/110

Top Courses: Data Analytics (30/30), Statistics (27/30)

Universidad Complutense de Madrid | Madrid, Spain | January 2023 – May 2023

Business Administration (Erasmus)

EXPERIENCE

NDB Tech. | San Francisco, USA (Remote) | November 2023 – May 2024

Financial Analyst Intern

- Mandated by the CEO to manage the migration of 1,700+ investor profiles across platforms; coordinated data transfer, resolved inconsistencies, and ensured data integrity throughout the process.
- Managed ongoing investor data operations: processed incoming requests, segmented investors by type (Angel, VC, etc.) and geography, and maintained structured, up-to-date documentation.
- Conducted in-depth investigations by contacting former employees and the CFO's office, and obtaining access to email archives to reconstruct missing source data.
- Prepared audit-ready documentation and deployed QuickBooks and CRM systems to streamline investor tracking and financial reporting workflows.
- Coordinated and supervised intern teams, overseeing daily performance and leading onboarding and training of new staff.

ACADEMIC PROJECTS

Brexit Trade Impact Analysis | Sorbonne — MSc Thesis

- Built a DiD econometric model across 97 goods categories (UN Comtrade, 2012–2023) to isolate the causal effect of Brexit from external shocks (COVID-19, war in Ukraine); results validated through dual export/import estimation.
- Supervised by Prof. Fontagné (CEPII) — Grade: 16/20.

International Market Entry Strategy | Sorbonne

- Designed a localized GTM strategy and international expansion plan through country risk analysis (Coface, Allianz Trade).
- Structured cross-border operations: Incoterms FCA/CIP, B2B exclusivity clauses, and FDI compliance frameworks.

Trade Compliance Project | Sorbonne

- Assessed export risks for dual-use goods (EU Regulation 2021/821) and designed mitigation strategies: End-User Certificate (EUC) verification and Red Flag due diligence checks.

SKILLS

Analytics: Excel (Financial Modelling, Power Query), R Studio, SQL, Power BI (DAX), Econometrics (DiD)

Finance: DCF Valuation, Financial Analysis, Risk Assessment, M&A Research, KPI Reporting
