sanzhar.rassulov@gmail.com | LinkedIn | Portfolio

Master's in International Economics at Université Paris 1 Panthéon-Sorbonne with experience in business valuation, financial analysis, and econometric research. Currently an intern at EY-Parthenon in Strategy and Transactions, working on valuation engagements. Previously worked as a Financial Analyst Intern at a Silicon Valley startup and completed academic research on international trade and foreign direct investment. Fluent in English, Russian, Kazakh, and French.

EDUCATION

Université Paris 1 Panthéon-Sorbonne | Paris, France | September 2024 – 2026

MSc International Economics and Environment (mention Très Bien)

University of Cassino and Southern Lazio | Cassino, Italy | October 2021 – July 2024

BSc Economics and Business. Grade: 97/110

Universidad Complutense de Madrid | Madrid, Spain | January 2023 – May 2023

Business Administration (Erasmus)

EXPERIENCE

EY-Parthenon | Astana, Kazakhstan | August 2026 – Present

Business Valuation Intern — Strategy and Transactions

- Performed market approach valuations using S&P Capital IQ: screened comparables and derived trading and transaction multiples
- Built and updated DCF models, including cash flow projections, discount rate assumptions and terminal value scenarios
- Contributed to NAV valuation engagements, structuring client-provided asset data into valuation inputs
- Communicated with clients on information requests and supporting documentation
- Produced industry reviews for client valuation reports using UN Comtrade and ITC Trade Map data

NDB Tech. | San Francisco, USA (Remote) | November 2023 – May 2024

Financial Analyst Intern

- Managed the migration of 1,700+ investor profiles across platforms, resolving inconsistencies and ensuring data integrity
- Handled ongoing investor data operations and segmentation by investor type and geography
- Reconstructed missing source data through internal investigations with the CFO's office
- Deployed QuickBooks and CRM systems for investor tracking and financial reporting
- Coordinated and supervised intern teams, leading onboarding and training

ACADEMIC PROJECTS

Brexit Trade Impact Analysis | Sorbonne — MSc Thesis

- Built a DiD econometric model across 97 goods categories to isolate the causal effect of Brexit
- Validated results through dual export/import estimation

Foreign Direct Investment in Kazakhstan | University of Cassino — BSc Thesis

- Analysed FDI inflows into Kazakhstan (2005–2022) across 10 source countries and 8 sectors
- Used UNCTAD, ADB and Central Bank data to assess institutional factors and resource dependency

SKILLS

- DCF, NAV, Market Approach, Financial Modelling, Capital IQ
- Excel, Power BI, SQL, R, Econometrics
- PowerPoint, LaTeX, QuickBooks, CRM

LANGUAGES

English (C1) | Russian (C2) | French (B2) | Kazakh (C1)

ADDITIONAL TRAINING

McKinsey Forward Program | February 2025 – July 2025
