Recommendation Letter

Professor Name: Giovanni Porzio

Professor title: Full Professor of Statistics

University of Cassino and Southern Lazio

Department of Economics and Law

Dear Admission Committee,

I am writing to recommend Sanzhar Rassulov for admission to your esteemed institution. I had the pleasure of teaching Sanzhar in the first semester of the 2021/2022 academic year, where he was good in the Statistics course, scoring a grade of 27/30. I have been teaching Statistics both at Bachelor's and Master's level in the Department of Economics and Law at the University of Cassino and Southern Lazio for the past twenty-three years. I also regularly teach within Ph.D. programs.

Sanzhar has a certain aptitude for statistics and analytical skills. He consistently displays a good understanding of statistical concepts, which is evident in his performance in my course (he was among the top 10% of my students that year). He understands the theoretical aspects well and has demonstrated the ability to apply statistical methods to real-world problems.

Furthermore, Sanzhar exhibited a keen ability to analyze and solve complex problems such as hypothesis testing and confidence intervals. He draws meaningful conclusions and communicates findings effectively. His work reflects not only a deep commitment to approaching problems but also technical proficiency with precision and creativity.

I am confident that, if admitted, Sanzhar will be a valuable asset to your institution. If you have any questions, please feel free to contact me at porzio@unicas.it

Sincerely,

Giovanni C Porzio

Full Professor of Statistics
